Write down the name of the bowler for each over of the innings.

Write down batting (total runs scored), bowling (wickets x 3) and total batting + bowling scores for each team.

Fill in the names of the two teams.

Don't forget to fill out the match result. The winning team is the one with the highest total.

Each time the batter scores a run cross off a box. This will help you tell when the batter reaches his/her retirement score of 15. N.B. runs only count to batter when they HIT the ball.

Write down the name of the batters, in order, for each innings. Use extra spaces for retired batters to continue their innings.

WHAT TO WRITE IN THE 'BALL BOWLED' BOX
 W = wicket taken
 1/2/4/6 = runs scored
 (2) = wide or no-ball
 • = no run scored
